On Your Turn

- 1** Flip over **THREE** cards and try to find one of each type: a **RED** card, a **BLUE** card, and a **YELLOW** card.
- 2** If you do not get one of each type, flip the cards back over so they are face down exactly where they were. Now it's the next player's turn. **HINT:** Try to remember where each type of card is!
- 3** If you get a complete set (a **RED**, **BLUE**, and **YELLOW**), read the complete sentence created by all three cards. Then try to do the activity!

Example:

If you get these three cards, put the fish under your chin, and crab walk around a chair and back!

If you do the activity successfully, you earn those three cards. Put them into a scoring pile next to you. If you are not successful, discard those cards into the game box.

Now it's the next player's turn.

Note: For very young players, leave the cards face up in Step 2 above.

Winning the Game

When all the cards are gone, the game is over. The player with the most cards at the end of the game is the winner!
